CLASS DESCRIPTIONS

Full Body Blast: A well-rounded workout that focuses on full body strength combined with a little bit of cardio.

Home Fit: Simplify strength with a pair of dumbbells or household items (soup cans, laundry detergent, or bookbag). This total body strength class will keep your metabolism revved up all day long.

Morning Refresh: Start your day or kick your post lunch slump with a quick full body rejuvenating stretch.

Yoga: Efficiently build strength and flexibility, all while bringing your body into a state of harmony with controlled breathing, stretches, and bodyweight poses.

Core Blast: Wake up your abs with this 15-minute class. The different exercises are designed to sculpt your entire core.

Cardio Mix: Get your heart rate up with intervals of high and low intensity using just your body weight!

Yo-Chi: A fusion of Yoga and TaiChi created by Lawrence Biscontin. It is a mind-body workout that will strengthen, lengthen, and calm the whole body.

Mid-day Muscle: This series is a balanced approach to improve strength. Dumbbells are required and it is recommended that you attend both days to maximize results.
